

**FOR IMMEDIATE RELEASE**

## **Systems With Intelligence Welcomes Senthoo Navaratnam to Leadership Team**

**Mississauga, ON – February 10, 2026** — Systems With Intelligence (SWI), a global leader in utility-grade Touchless™ Monitoring solutions, is pleased to announce the addition of Senthoo Navaratnam to its executive team responsible for Growth and Strategy.

Senthoo brings over 25 years of leadership experience in the energy and electrical sectors, having held executive roles at top-tier organizations, including Hubbell, Schneider Electric, GE, and Nice. With a proven track record across sales, service delivery, product management, and technology development, Senthoo has also overseen complex P&L operations and led high-performing teams at the regional level.

“We’re thrilled to welcome Senthoo to SWI during this exciting period of growth,” said Angelo Rizzo, President and CEO of Systems With Intelligence. “His deep industry expertise and leadership across multiple disciplines will help accelerate our mission to transform utility operations with intelligent, real-time monitoring solutions. Senthoo’s experience aligns perfectly with our vision for the future.”

In his new role, Senthoo will focus on expanding SWI’s reach into new markets and driving strategic initiatives that further the adoption of advanced monitoring technologies across critical infrastructure sectors.

“I’m incredibly excited to join the talented team at Systems With Intelligence,” said Senthooor Navaratnam. “SWI is at the forefront of helping utilities and industrial facilities modernize their operations with cutting-edge technology. I look forward to contributing to the next phase of innovation and delivering even greater value to our customers.”

Senthooor holds a Bachelor’s degree in Electrical Engineering from the University of Windsor. He resides in Canada with his two daughters and two German Shepherds.

- Systems With Intelligence was founded in 2009
- Systems With Intelligence Touchless™ monitoring systems are installed in over 130 utilities worldwide
- Systems With Intelligence's senior management team has over 100 years of collective experience in utility asset monitoring and communications technologies

## About Systems With Intelligence Inc.

Systems With Intelligence Inc. (SWI) is a global provider of Touchless™ Monitoring Solutions for electric power, industrial, and oil & gas applications with over 900 clients worldwide. SWI systems collect and analyze the data that allows companies to increase safety and reliability while reducing operating costs. Coupling advanced sensor technology with advanced AI analytic algorithms, SWI solutions automate remote site monitoring and inspections.

Systems With Intelligence products are engineered to operate in the harshest environments and withstand high levels of electromagnetic interference, static discharge and voltage surges found in industrial applications to ensure uninterrupted operation. Providing a monitoring system that operates reliably and connects seamlessly allows customers to remain focused on their operations.
