

TOUCHLESS™ MONITORING SOLUTIONS

IPTZ1016

Key Features

- **High-Definition Imaging:** Captures clear 1080p videos at up to 60 frames per second.
- **Exceptional Night Vision:** Infrared capabilities extend up to 250 meters, providing reliable visibility day and night.
- **Durability:** Substation-rated with IEC61850-3 compliance, IP66 waterproofing, and IK10 vandal resistance.
- **Flexible Connectivity:** Supports both fiber and copper network ports for versatile installation.

Benefits

- **Dependable Performance:** Operates smoothly in extreme weather and challenging conditions.
- **Comprehensive Site Coverage:** Automated patrols and remote zoom capabilities allow detailed real-time inspection.
- **Optimized for Remote Use:** Efficient bandwidth utilization makes it suitable for sites with limited connectivity.

The Systems With Intelligence IPTZ1016 is a robust Pan/Tilt/Zoom camera designed for monitoring remote industrial sites. With cutting-edge features tailored for harsh environments, it ensures safety, security, and efficient asset management.

The IPTZ1016 camera is ideal for power substations, solar and wind farms, and oil and gas facilities, where reliable monitoring is essential.

TYPICAL NETWORK ARCHITECTURE
